

Scentex specializes in curating custom fragrances to create an immersive sensory experience for any event; one that is destined to charm, enchant, elevate, and set a new standard for all special occasions. Perfect for weddings, galas, corporate and social events.

Our full-service solution includes scent strategy, fragrance consultation, and on-site installation. For the duration of the event, our Fragrance Technicians ensure every one of your guests has a perfectly moderated scent experience that transforms and complements the environment.

Immersive

Humans experience the world through all five senses. Event professionals tend to focus on audio, visual, taste and touch without considering scent. Adding fragrance creates truly immersive events.

Unique

We are the scent experts for scent experiences. We offer new and innovative ways to incorporate fragrance into the event space - from live scentscaping to interactive scent workshops.

Memorable

Scent transforms moments into memories. Your events become a truly unforgettable. Through olfactory activation, your guests will remember the special occasion you created long after they have departed.
