

Scentex

DESIGN YOUR DIFFUSER WORKSHOP

This one-of-a-kind experience takes guests on a journey through the process of fragrance creation. Led by one of our fragrance specialists, guests will smell 9 fragrant materials while learning about the art of perfume composition and how to blend materials together. Guests will then have the opportunity to curate and create their own custom fragrance, mixed by our expert staff. Each guest will leave with their own custom creation, as well as a new appreciation for the magic of scent. This unique workshop is great for team building and people that are curious about fragrance.

PRICE	INCLUSIONS	REQUIREMENTS
