

VIRTUAL FRAGRANCE ACTIVATION

VIRTUAL EVENT FRAGRANCE

Despite being physically distant, together we are co-creating shared space and community by connecting attendees through the sense of smell with our virtual event fragrancng. Similar to our signature process of scenting live-events, we work closely with you to discover all of the sensory details and create a custom fragrance to pair with the virtual experience.

VIRTUAL EVENT WORKSHOP

This one-of-a-kind experience takes guests on a journey through the history of scent. Led by our fragrance specialist, guests will smell 9 fragrant materials while learning about the art of perfume composition and the blending of fragrances. Then, guests will have the opportunity to curate and create their own custom fragrance by mixing the materials in the kit. In the end, each guest will not only have their own custom creation to enjoy, but also with a new appreciation for the magic of scent.
